

# SOFTBALL SLAPPER CLINIC

Successful softball teams usually have at least one left-handed slapper, or batter, in their lineup. A lefty slapper can put a great deal of pressure on the defense. She forces the infielders to quickly field the ball and throw it under the pressure of her speed. Slappers actually start running before contacting the ball, which requires anticipation, good timing, proper swing and speed.

Not a lefty batter? Many slappers have converted from right side of the box.

Not a speedster? Learn the mechanics of a slapper so you can be a better defender against the slapper.

Parents are welcome to watch, but seating is limited.

## APRIL 8, 2018

### SOFTBALL SLAPPER CLINIC

*6pm-8pm*

### *Featuring Cathlin Bingham*

State Champion Ankeny HS 2012
